Public Speaker • Rotary Club of Teaneck - Taste of Teaneck

Ranjanna Mariia Hvenegaard is the Founder and CEO of Adoption Life Coach based in Denmark and the USA. It was an idea she conceived while attending Business Mastery taught by none other than Mr. Tony Robbins back in January 2014 in London, UK.

Within 5 months she had moved to Laguna Beach in California to write her now best-seller book: *"One Voice - real life lessons to raise your adopted child"*. The book is meant to empower and inspire adoptive children to know they are as worthy as any biologically conceived child - inspiring those children and their proud parents to live an extraordinary life.

Since then, Adoption Life Coach has become a prestigious Worldwide Adoption Mediation Agency and foremost Global Authority Increasing Adoption Awareness across all borders of the International Arena. Through her public-speaking engagements, Ranjanna Mariia continues making a difference in the adoption communities throughout the world. She informs, she educated and inspires! She has made it her life's mission to help transform the lives of adoptive children, adoptive parents and all couples that are currently considering adoption.
